

Use Table Subcommittee Areas of Consideration

The Areas of Consideration (AOCs) are topics identified for study by the subcommittee as part of the project. The AOCs were endorsed by Planning Board and City Council in 2018/2019, with new additions underlined.

Use Table Subcommittee Goals, Objectives, and Action Steps

Overarching Goals [broad / high-level]

1. Encourage 15-minute neighborhoods through use table changes in all types of districts (residential, commercial, industrial), acknowledging transportation barriers may exist.
2. Support a “string of pearls” consisting of mixed-use nodes along corridors, and support walkable neighborhood centers of varying scales.
3. Incorporate administrative and structural updates to the Use Table and Use Standards for clarity, legibility, and usability.

Objectives [finer grained policies that help achieve the goals]

- Update the Use Standards and Use Table to meet community needs and desired land uses (Goals 1, 2, 3)
- Identify opportunities for mixed use that can help provide services to residents and needed housing/services/uses to non-residential and industrial areas. (Goals 1, 2)
- Consider changes to the Use Review criteria that would better serve city goals (e.g., walkability, site design). (Goals 1, 2)
- Consider changes to the Use Standards & Table that would incentivize a diversity of housing types.(Goals 1, 2)
- Consider more flexibility for non-impactful retail uses for home occupations and live/work, such as selling one’s art. (Goals: 1, 2)
- Consider Mobile Home Parks and their evolution to affordable fixed-foundation buildings, and how it may intersect with the Use Standards & Table. (Goals 1, 2)
- Allow more retail/active uses in the Public (P) zones. (Goals: 1, 2)
- Allow second floor residential in light-industrial zones. (Goals: 1, 2)
- Increase the diversity of uses found in neighborhood centers, both existing and new. (Goals: 2)
- Identify community desired land uses. (Goals: 1, 2)
- Consider how the Use Table project is beneficial, complements and intersects with other planning efforts, such as Community Benefits/East Boulder Subcommunity Plan implementation. (Goals: 1, 2, 3)

Action Steps [the method, may be repeated for multiple priorities and goals]

- Update outdated land use categories in the Use Table.
- Create new use definitions and add to appropriate zoning districts.
- Change desired use allowances to be more permissive (i.e. C, L, or A) as warranted.
- Create new limited uses (L) to encourage desired land uses with flexibility.
- Change prohibited uses to Use Reviews (U’s) where certain uses may be warranted and desired (corner coffee shops for example).
- Incorporate additional development design standards into the Chapter 9-6 Conditional Use and Use Review standards, and potentially the Use Review criteria.
- Incorporate technical fixes to Chapter 9-6 as identified by planning and zoning staff.
- Update the amounts of required uses where prescribed in 9-6, “Use Standards”, such as residential/non-residential floor area percentages listed under the footnotes N/M of the Use Table, accounting for the holistic impacts of uses including parking.
